Ethical Practice Guidelines for Community Radio

The Ethical Practice Guidelines (EPG) and Self-Assessment Toolkit (SAT) will provide the readers with a bouquet of issues and aspects of ethical exercises to pave the way for developing a quality assurance framework as the CR sector evolves into a more robust and mature sector.

The EPG has been developed as a part of a long-term consultative process of developing a common and collective understanding of problems, while offering possible solutions for issues of ethics and ethical practices.
